

Choccolocco Creek Watershed

Presents

Alabama Invasive Plants Workshop

Come learn about invasive plant species throughout Alabama and within the Choccolocco Creek Watershed. Invasive plants can severely alter the landscape flora and fauna as they overrun native species and crops. If you own property in Alabama, this seminar is a must for identifying and controlling invasive plants on your land. Learn from the Alabama Invasive Plant Council professionals on recognizing and controlling these harmful species from taking over our landscapes. Topics include:

- Invasive plant species in Alabama & the work of the Alabama Invasive Plant council
- How to ID and map invasives on your land
- Methods of control & eradication

Where: Oxford Civic Center,
401 McCullars Lane, Oxford, AL
Room 122

When : April 11, 2019, 9-12 am

Cost: Free!
